James W. Smith, Reclamation Soils Spec.
Division of Oil, Gas and Mining
1588 West North Temple
Salt Lake City, Utah 84116

Dear Sir:

In reference to your letter of January 9, 1978. There are no new roads or claim markers as you will note by date of location. While there are no new roads, there was new work on old existing roads done for the purpose of assessment work.

According to your direction we are herewith filing with your office listings of our complete holdings owned by the following:

J. B. Sanchez
J. B. Sanchez and H. W. Blythe
J. B. Sanchez and L. V. Sanchez
Monument Development Company
J. B. Sanchez, Clyde R. Sanchez, Virgil R. Long
Clyde R. Sanchez and Virgil R. Long
Geraldine Sanchez
Addresses for all are: P. O. Box 1077, Cortez, Colorado 81321.

We are filing the Declaration of exemption MR form 4 since all we are presently doing is necessary assessment work. The exception to this is the Dusty group of mining claims which are presently leased to Clyde R. Sanchez Mining. He is presently in contact with your office on a mining and reclamation plan. His operation is a very small pilot operation, so should not have any problem meeting your requirements.

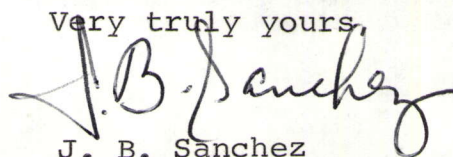

For the purpose of making a complete filing of all mining claims under my control we are filing the MR form 4 on the Dusty group of claims as well as all the others, for your records, so we may have a total filing in your office and in the event we do not keep the Dusty group leased, they will be on your records.

An attached sheet is enclosed with each MR-4 form for each claim ownership giving additional information including dates of location, book, page, etc.

In the event of change of ownership or new leases negotiated we will notify your office of same.

Hoping this enclosed information meets your requirements, I am

Very truly yours,

J. B. Sanchez
